MAKE GAMES. KIDS WIN.

MARKETING AND CONTENT CREATION INTERN HANDBOOK.

Overview

Welcome to the Cause Jam Marketing Team!

What is Cause Jam?

Cause Jam is a monthly game jam hosted by **Games For Love**, a nonprofit dedicated to improving the lives of children in hospitals through gaming. The event brings together game developers, artists, and creators from around the world to build fun, family-friendly games—all for a great cause.

As part of the marketing team, you'll help **spread the word, engage the gaming community, and make this event a success!**

How It Works

- Each month, developers **collaborate to create games** in a limited time frame.
- Completed games are **bundled and sold**, with **100% of proceeds going to charity** to support hospitalized children.
- Participants gain **valuable experience, industry exposure, and networking opportunities** while making a real difference.

Why It Matters

- Cause Jam **combines creativity with purpose**, using gaming as a force for good.
- Funds raised go toward initiatives like **gaming care packages, tech for hospitals, and mental health support** for kids in need.
- It's a **win-win for everyone**—creators get to showcase their talents, build their portfolios, and help change lives at the same time.
